Cyber threats prompt return of radio for ship navigation

The risk of cyber attacks targeting ships' satellite navigation is pushing nations to delve back through history and develop back-up systems with roots in World War Two radio technology.
Reuters

Homebrew J-Pole Antenna for GPS

The antenna is soldered directly to two terminals of an SMA connector. This is a through-hole PCB connector, which has 5 terminals (5 for ground and 1 for the center conductor).

Options when cell service dies in a disaster

Zello, Ham Radio, Iridum, more...
N4AE

When will Voyager stop calling home?

The twin spacecraft still send data back to the planet they left 40 years ago.
The Atlantic

LOTW rant

I found a 14-step process, written in that cryptic LOTW instructional style the ARRL is so fond of.
KK4DSD

Wi-Fi soundscape

The implementation sends MIDI notes to Garageband, where it can play various synths.
